

DON'T MISS THE BUS!

Sign your child up for the Children's Health Insurance Program or Medicaid for a healthy back-to-school start!

One way parents can make sure their kids are ready to get the most from their school year is enrollment in the **Children's Health Insurance Program** or **Medicaid**. By covering the costs of dental check-ups, sports physicals, vision screenings, hearing tests, and more, **CHIP** and **Medicaid** can help kids reach their potential inside, as well as outside, the classroom.

Call the toll-free hotline or visit our website to find out more details.
