

## DON'T MISS THE BUS!

Sign your child up for the  
Children's Health Insurance Program  
to insure a healthy back-to-school season!

Enrollment in the **Children's Health Insurance Program** is one way parents can access quality healthcare for their schoolage children. By supplementing or covering the costs of vision screenings, sports physicals, dental check-ups, hearing tests, and more, **CHIP** can help kids reach their potential inside, as well as outside, the classroom.

Visit our website or call  
the toll-free hotline  
to find out more details.
