

**Parents –
Got an
extreme
teen?**

West Virginia CHIP offers excellent coverage!

(By the way, mom and dad, it's free or at low-cost.)

West Virginia parents can always use a little help, especially when it comes to their teenagers. The **Children's Health Insurance Program** is one way parents who qualify can get full medical coverage—doctor visits, prescriptions, vision, dental and more—they need for their active kids and teens.* Call to enroll and if you're eligible, CHIP will take care of the rest.

*Example: A family of four could have an annual income of more than \$36,000 and still qualify for the Children's Health Insurance Program.
